Terms and Conditions

Definition of Terms as used in these instructions, the terms listed below are defined as follows:

"Attachments" means any item the Solicitation requires a Service Provider to submit as part of the Offer.

"Contract" means the combination of the Solicitation, including the Uniform and Special Instructions to Service Providers, the Uniform and Special Terms and Conditions, and the Specifications and Statement of Scope of Work; the Offer and any Best and Final Offers; and any Solicitation Amendments or Contract Amendments; and terms applied by law.

"Contract Amendment" means a written document signed by the Procurement Officer that is issued for the purpose of making changes in the Contract.

"Days" means calendar days unless otherwise specified.

"Exhibits" means any item labeled as an Exhibit in the Solicitation or placed in the Exhibits section of the solicitation.

"Gratuity" means a payment, loan, subscription, advance, deposit of money, services, or anything of more than nominal value present or promised, unless consideration of substantially equal or greater value is received.

"Offer" means bid, RFP, proposal or quotation.

"Service Provider" means a Service Provider who responds to a Solicitation.

"Purchasing Manager" means the person duly authorized to enter into and administer Contracts and make written determinations with respect to the Contract or his or her designee.

"Solicitation" means an Invitation for Bids (IFB), a Request for Proposals (RFP), or a Request for Quote (RFQ).

"Solicitation Amendment" means a written document that is authorized by the Purchasing Manager and issued for the purpose of making changes to the Solicitation.

"Subcontract" means any Contract, express or implied, between the Contractor and another party or between a subcontractor and another party delegating or assigning, in whole or in part, the making or furnishings of any material or any service required for the performance of the Contract.

Inquiries

Duty to Examine. It is the responsibility of each Service Provider to examine the entire Solicitation, seek clarification in writing, and check its Offer for accuracy before submitting the Offer. Lack of care in preparing an Offer shall not be grounds for withdrawing the Offer after the Offer due date and time nor shall it give rise to any Contract claim.

Solicitation Contact Person. Any inquiry related to a Solicitation, including any requests for or inquiries regarding standards referenced in the Solicitation shall be directed solely BYS@adsads.com. The Service Provider shall not contact or direct inquires concerning this Solicitation to any other employee unless the Solicitation specifically identifies a person other than the Solicitation contact person as a contact.

Submission of Inquires. The Purchasing Manager or the person identified in the Solicitation as the contact for inquires requires that all inquires to be submitted in writing via email. Any inquiry related to a Solicitation shall refer to the appropriate Solicitation number, page, and paragraph.

Timeliness. Any inquiry shall be submitted as soon as possible and at least seven (7) days before the Offer due date and time. Failure to do so may result in the inquiry not being answered.

No Right to Rely on Verbal Responses. Any inquiry that results in changes to the Solicitation shall be answered solely through a written Solicitation Amendment. A Service Provider may not rely on verbal responses to inquires.

Solicitation Amendments. The Solicitation shall only be modified by a Solicitation Amendment.

Pre-Offer Conference. If a Pre-Offer conference has been scheduled under this Solicitation, the date, time, and location appear on the Solicitation cover sheet or elsewhere in the Solicitation. A Service Provider should raise any questions it may have about the Solicitation or the procurement at that time. A Service Provider may not rely on any verbal responses to questions at the conference. Material issues raised at the conference that result in changes to the Solicitation shall be answered solely through a written Solicitation Amendment.

Persons with Disabilities. Persons with a disability may request a reasonable accommodation, such as a sign language interpreter, by contacting the appropriate Solicitation contact person. Requests shall be made as early as possible to allow time to arrange the accommodation.

Offer Preparation

Forms: No US Mail, Third Party Shipper, Facsimile or Telegraphic Offers. An Offer shall be submitted via email. A facsimile, telegraphic or mailgram offer shall be rejected.

Evidence of Intent to be Bound. The offer and acceptance within the agreement must be submitted with the Offer and must include a signature by a person authorized to sign the Offer. The signature shall signify the Service Provider's intent to be bound by the Offer and the terms of the Solicitation and that the information provided is true, accurate, and complete. Failure to submit verifiable evidence of intent to be bound, such as an original signature, shall result in rejection of the Offer.

Exceptions to Terms and Conditions. All exceptions included with the Offer shall be submitted in a clearly identified separate section of the Offer in which the Service Provider clearly identifies the specific paragraphs of the Solicitation where the exceptions occur. Any exceptions not included in such a section shall be without force and effect in any resulting Contract unless such exception is specifically referenced by the Procurement Officer in a written statement. The Service Provider's preprinted or standard terms shall not be considered as a part of any resulting Contract.

Invitation for Bids. An Offer that takes exception to a material requirement of any part of the Solicitation, including terms and conditions, shall be rejected.

Request for Proposals. All exceptions that are contained in the Offer may negatively affect the proposal evaluation based on the evaluation criteria as stated in the Solicitation or result in rejection of the Offer.

Subcontracts. Service Provider shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities in the Offer.

Cost of Offer Preparation. BYS shall not reimburse any Service Provider the cost of responding to a Solicitation.

Solicitation Amendments. Each Solicitation Amendment shall be signed with an original signature by the person signing the Offer, and shall be submitted no later than the Offer due date and time. Failure to return a signed copy of a material Solicitation Amendment shall result in rejection of the Offer.

Provision of Tax Identification Numbers. Service Providers are required to provide their State Tax Number and/or Federal Tax Identification Number, if applicable, in the space provided on the Service Provider RFP Response and provide the tax rate and amount, if applicable, on the price sheet(s).

Identification of Taxes in Offer. BYS is subject to all applicable state and local taxes. If Service Providers do not indicate taxes on a separate item in the Offer, BYS shall conclude that the price(s) offered includes all applicable taxes.

Disclosure. If the Firm, business, or person submitting this Offer has been debarred, suspended, or otherwise lawfully precluded from participating in any public procurement activity, including being disapproved as a subcontractor with any federal, state, or local government, or if any such preclusion from participation from any public procurement activity is currently pending, the Service Provider must fully explain the circumstances relating to the preclusion or proposed preclusion in the Offer. The Service Provider shall include a letter with its Offer setting forth the name and address of the governmental unit, the effective date of this suspension or debarment, the duration of the suspension or debarment, and the relevant circumstances relating to the suspension or debarment. If suspension or debarment is currently pending, a detailed description of all relevant circumstances including the details enumerated above must be provided.

Submission of Offer

Email. Each Offer shall be submitted to the submittal email address identified in this Solicitation that identifies its contents as an Offer and the Solicitation and FCC Form 470 Number to which it responds. The appropriate Solicitation number shall be identified in the Subject of the email.

Offer Amendment or Withdrawal. An Offer may not be amended or withdrawn after the Offer due date and time except as otherwise provided under applicable law.

Public Record. Under E Rate Program Rules, all Offers submitted and opened must be retained by BYS to maintain E Rate compliance. Offers shall be open to inspection by the FCC or its authorized agent(s) after Contract award, except for such Offers deemed to be confidential by BYS. If a Service Provider believes that information in its Offer should remain confidential, it shall stamp as confidential that information and submit a statement with its Offer detailing the reasons that information should not be disclosed. BYS shall make a determination on whether the stamped information is confidential pursuant to BYS's Procurement Policy.

Non-collusion, Employment, and Services. By signing the Service Provider Authorized Response, the Service Provider certifies that: it did not engage in collusion or other anti-competitive practices in connection with the preparation or submission of its offer; and It does not discriminate against any employee, applicant for employment, or person to whom it provides services because of race, color, religion, sex, national origin, or disability, and that it complies with all applicable federal, state, and local laws and executive orders regarding employment.

Evaluation

Unit Price Prevails. Where applicable, in the case of discrepancy between the unit price or rate and the extension of that unit price or rate, the unit price or rate shall govern.

Taxes. All applicable taxes in the Offer shall be considered by BYs when determining the lowest bid or evaluating proposals.

Late Offers. An offer submitted after the exact Offer due date and exact time shall be rejected.

Disqualification. The Offer of an Service Provider who is currently debarred, suspended or otherwise lawfully prohibited from any public procurement activity may be rejected.

If the Service Provider does not have a valid Service Provider Identification Number (SPIN), the offer shall be rejected.

If the Service Provider does not provide Item 21's, the offer shall be rejected.

Offer Acceptance Period. A Service Provider submitting an Offer under this Solicitation shall hold its Offer open for the number of days from the Offer due date that is stated in the Solicitation.

Payment. Upon receipt and acceptance of goods or services, the Contractor shall submit a complete and accurate invoice for payment within ninety (90) days.

Waiver and Rejection Rights. Notwithstanding any other provision of the solicitation, BYs reserves the right to:

- Waive any minor informality;
- Reject any and all offers or portions thereof; or
- Cancel a solicitation.

Award

Number or Types of Awards. Where applicable, BYs reserves the right to make multiple awards or to award a Contract by individual line items, by a group of line items, or to make an aggregate award, whichever is deemed most advantageous to BYs. If the Purchasing Manger determines that an aggregate award to one Service Provider is not in BYs's interest, "all or none" Offers shall be rejected.

Contract Inception. An Offer does not constitute a Contract nor does it confer any rights on the Service Provider to the award of a Contract. A Contract is not created until the Offer is accepted in writing by BYs's signature of the Service Provider Authorized Response. A letter or other notice of award or of the intent to award shall not constitute acceptance of the Offer. Contracts shall only be enforceable after the products/services have been approved for funding through E Rate and Form 486 has been submitted certifying use of the products/services being purchased.

Effective Date. The effective date of this Contract shall be the date that the Purchasing Manager signs the Service Provider Authorized Response or other official contract form, unless another date is specifically stated in the Contract. Under no circumstances shall the equipment being sought be installed and put into use at its respective location prior to July 1, 2011.

Final Acceptance. Final acceptance for BYs shall be contingent upon the approval of the Purchasing Manager, if applicable and the execution and submission of FCC Form 486.

Contract Interpretation

Local and State Law. All local and state law of Eligible Entity issuing this RFP applies to this Offer and any resulting Contract(s).

Implied Contract Terms. Each Provision of law and any terms required by law to be in this Contract are a part of this Contract as if fully stated in it.

Relationship of Parties. The Contractor under this Contract is an independent Contractor. Neither party to this Contract shall be deemed to be the employee agent of the other party to the Contract.

Severability. The provisions of this Contract are severable. Any term or condition deemed illegal or invalid shall not affect any other term or condition of the Contract.

No Parole Evidence. This Contract is intended by the parties as a final and complete expression of their agreement. No course of prior dealings between the parties and no usage of the trade shall supplement or explain any terms used in this document.

No Waiver. Either party's failure to insist on strict performance of any term or condition of the Contract shall not be deemed waiver of that term or condition even if the party accepting or acquiescing in the nonconforming performance knows of the nature of the performance and fails to object to it.

Contract Administration and Operation

Records. Contractor shall retain and shall contractually require each Subcontractor to retain all data and other records ("records") relating to the acquisition and performance of the Contract for a period of five years after the completion of the Contract. All records shall be subject to inspection and audit at reasonable times. Upon request, the Contractor shall produce a legible copy of any or all such records.

Nondiscrimination. The Contractor shall comply with all applicable Federal and State laws, rules and regulations, including the Americans with Disabilities Act.

Audit. At any time during the term of this Contract and five (5) years thereafter, the Contractor's and applicable Subcontractor's books and records shall be subject to audit by BYs and, where applicable, the Federal Government, to the extent that the books and records relate to the performance of the Contract or Subcontract.

Inspection and Testing. The Contractor agrees to permit access to its facilities, Subcontractor facilities and the Contractor's processes for producing the materials, at reasonable time for inspection of the materials and services covered under this Contract. BYs shall also have the right to test at its own cost the materials to be supplied under this Contract. Neither inspection at the Contractor's facilities nor testing shall constitute final acceptance of the materials. If BYs determines noncompliance of the materials, the Contractor shall be responsible for the payment of all costs incurred by BYs for testing and inspection.

Notices. Notices to the Contractor required by this Contract shall be made by BYs to the person indicated on the Service Provider Authorized Response submitted by the Contractor unless otherwise stated in the Contract. Notices to BYs required by the Contract shall be made by the Contractor to the Solicitation Contact Person indicated on the Solicitation cover sheet, unless otherwise stated in the Contract. An authorized Purchasing Manager and an authorized Contractor representative may change their respective person to whom notices shall be given by written notice and an Amendment to the Contract shall not be necessary.

Advertising and Promotion of Contract. The Contractor shall not advertise or publish information for commercial benefit concerning this Contract without the prior written approval of BYs.

Property of BYs. Any materials, including reports, computer programs and other deliverables, created under this Contract are the sole property of BYs. The Contractor is not entitled to a patent or copyright on those materials and may not transfer the patent or copyright to anyone else. The Contractor shall not use or release these materials without the prior written consent of BYs.

Costs and Payments

Payments. Upon receipt and acceptance of goods or services, the Contractor shall submit a complete and accurate invoice for payment from BYs within ninety (90) days. The RFP number must be referenced on the invoice.

Delivery. Unless stated otherwise in the Contract, all prices shall include delivery and unloading at the destinations.

Applicable Taxes.

Payment of Taxes by BYs. BYs shall pay only the rate and/or amount of taxes identified in the Offer and in any resulting Contract.

State and Local Taxes. BYs is subject to all applicable state and taxes. Failure to collect taxes from the buyer does not relieve the seller from its obligation to remit taxes.

Tax Indemnification. Contractor and all Subcontractors shall pay all federal, state, and local taxes applicable to its operation and any persons employed by the Contractor. Contractor shall, and require all Subcontractors to hold BYs harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation.

IRS W-9. In order to receive payment under any resulting Contract, Contractor may be required to have a current I.R.S. W-9 Form on file with BYs.

Availability of Funds for the Next Fiscal Year. Funds may not presently be available for performance under this Contract beyond the current fiscal year. No legal liability on the part of BYS for any payment may arise under this Contract beyond the current fiscal year until funds are made available for performance of the Contract. BYS shall make reasonable efforts to secure such funds.

Contract Changes

Amendments. This Contract is issued under the authority of the Purchasing Manger who signed this Contract. The Contract may be modified only through a Contract Amendment within the scope of the Contract signed by the Purchasing Manger. Changes to the Contract, including the addition of work or materials, the revision of payment terms, or the substitution of work or materials, directed by an unauthorized employee or made unilaterally by the Contractor are violations of the Contract. Such changes, including unauthorized written Contract Amendments, shall be void and without effect, and the Contractor shall not be entitled to any claim and this Contract based on those changes.

Subcontracts. The Contractor shall not enter into any Subcontract under this Contract without the advance written approval of the Purchasing Manager. The Subcontract shall incorporate by reference the terms and conditions of this Contract.

Assignment and Delegation. The Contractor shall not assign any right nor delegate any duty under this Contract without the prior written approval of the Purchasing Manager. The Purchasing Manger shall not unreasonably withhold approval.

Risk and Liability

Risk of Loss. The Contractor shall bear all loss of conforming material covered under this Contract until received by authorized personnel at the location designated in the purchase order or Contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

General Indemnification. BYS shall be indemnified and held harmless by the Contractor for its vicarious liability as result of entering into this Contract. Each party to this Contract is responsible for its own negligence.

Indemnification - Patent and Copyright The Contractor shall indemnify and hold harmless BYS against any liability, including costs and expenses, for infringement of any patent, trademark, or copyright arising out of Contract performance or use by BYS of materials furnished or work performed under this Contract. BYS shall reasonably notify the Contractor of any claim for which it may be liable under this paragraph.

Force Majeure. Except for payment of sums due, neither party shall be liable to the other nor deemed in default under this Contract if and to the extent that such party's performance of this Contract is prevented by reason of force majeure. The term "force majeure" means an occurrence that is beyond the control of the party affected and occurs without its fault or negligence. Without limiting the foregoing, force majeure includes: acts of God; acts of the public enemy; war; riots; strikes; mobilization; labor disputes; civil disorders; fire; flood; lockouts; injections-intervention-acts; or failures or refusals to act by government authority; and other similar occurrences beyond the control of the party declaring force majeure which such party is unable to prevent by exercising reasonable diligence.

Force Majeure shall not include the following occurrences:

Late delivery of equipment or materials caused by congestion at a manufacturer's plant or elsewhere, or an oversold condition of the market; or

Late performance by a Subcontractor unless the delay arises out of a force majeure occurrence in accordance with this force majeure term and condition; or

Inability of either the Contractor or any Subcontractor to acquire or maintain any required insurance, bonds, licenses, or permits.

If either party is delayed at any time in the progress of the work by force majeure, the delayed party shall notify the other party in writing of such delay, as soon as is practicable and no later than the following working day, of the commencement thereof and shall specify the causes of such delay in such notice. Such notice shall be delivered or mailed certified-return receipt requested, and shall make a specific reference to this article, thereby invoking its provisions. The delayed party shall cause such delay to cease as soon as practicable and shall notify the other party in writing when it has done so. The time of completion shall be extended by Contract Amendment for a period of time equal to the time that results or effects of such delay prevent the delayed party from performing in accordance with this Contract.

Any delay or failure in performance by either party hereto shall not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if, and to the extent that such delay or failure is caused by force majeure.

Third Party Antitrust Violations. The Contractor assigns to BYS any claim for overcharges resulting from antitrust violation the extent that those violations concern materials of services supplied by third parties to the Contractor toward fulfillment of this Contract.

Warranties

Liens. The Contractor warrants that the materials supplies under this Contract are free of liens.

Quality. Unless otherwise modified elsewhere in these terms and conditions, the Contractor warrants that for one year after acceptance by BYS of the materials or services, they shall be:

Of a quality to pass without objection in the trade under the Contract description;
Fit for the intended purposes for which the materials or services are used;
Within the variations permitted by the Contract and are of even kind, quality, and quality within each unit and among all units;
Adequately contained, packaged and marked as the Contract may require; and
Conform to the written promises or affirmations of fact made by the Contractor.

Fitness. The Contractor warrants that any material or service supplied to the Eligible Entity shall fully conform to all requirements of the Solicitation and all representations of the Contractor, and shall be fit for all purposes and uses required by the Contract.

Inspection/Testing. The warranties set forth in subparagraphs A through C of this paragraph are not affected by inspection testing of or payment for the materials or services by BYS.

Exclusions. Except as otherwise set forth in this Contract, there are no express or implied warranties or merchant ability fitness.

Compliance with Applicable Laws. The materials and services supplied under this Contract shall comply with all applicable federal, state and local laws, and the Contract shall maintain all applicable licenses and permits.

Survival of Rights and Obligations after Contract Expiration or Termination.

Contractor's Representations and Warranties. All representations and warranties made by the Contractor under this Contract shall survive the expiration of termination hereof.

Purchase Orders. The Contractor shall, in accordance with all terms and conditions of the Contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Purchasing Offices, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this Contract.

BYS's Contractual Remedies

Right to Assurance. If BYS in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing the Contract, the Purchasing Manger may demand in writing that the Contractor give a written assurance of intent or ability to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at BYS's option, be the basis for terminating the Contract under the Uniform General Terms and Conditions.

Stop Work Order.

BYS may, at any time, by written order to the Contractor, require the Contractor to stop all or any part, of the work called for by this Contract for a period of up to ninety (90) days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage.

If a stop work order issued under this clause is canceled or the period of the order or any extension expires, the Contractor shall resume work. The Purchasing Manager shall make an equitable adjustment in the delivery schedule or Contract price, or both, and the Contract shall be amended in writing accordingly.

Nonexclusive Remedies. The rights and the remedies of BYS under this Contract are not exclusive.

Nonconforming Tender. Materials supplied under this Contract shall fully comply with the Contract. The delivery of materials or a portion of the materials in an installment that do not fully comply constitutes a breach of Contract. On delivery of nonconforming materials, BYS may terminate the Contract for default under applicable termination clauses in the Contract, exercise any of its remedies under the Uniform Commercial Code, or pursue any other right or remedy available to it.

Right to Offset. BYS shall be entitled to offset against any sums due the Contractor, any expenses or costs incurred by BYS or damages assessed by BYS concerning the Contractor's nonconforming performance or failure to perform the Contract, including expenses, costs and damages described in the Uniform General Terms and Conditions.

Contract Termination

Cancellation for Conflict of Interest. BYS may cancel this Contract within three (3) days after Contract execution without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the Contract on behalf of BYS is, or becomes at any time while the Contract or an extension the Contract is in effect, an employee of or a consultant to any other party to this Contract with respect to the subject matter of the Contract. The cancellation shall be effective when the Contractor receives written notice of the cancellation unless the notice specifies a later time.

Gratuities. BYS may, by written notice, terminate this Contract, in whole or in part, if BYS determines that employment or gratuity was offered or made by the Contractor or a representative of the Contractor to any officer or employee of BYS for the purpose of influencing the outcome of the procurement or securing the Contract, an Amendment to the Contract, or favorable treatment concerning the Contract, including the making of any determination or decision about Contract performance. BYS, in addition to any other rights or remedies, shall be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by the Contractor.

Suspension or Debarment. BYS may, by written notice to the Contractor, immediately terminate this Contract if BYS determines that the Contractor has been disbarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a Subcontractor of any public procurement unit or other governmental body.

Termination for Convenience. BYS reserves the right to terminate the Contract, in whole or in part at any time, when in the best interests of the Eligible Entity without penalty recourse. Upon receipt of the written notice, the Contractor shall immediately stop all work, as directed in the notice, notify all Subcontractors of the effective date of the termination and minimize all further costs to BYS. In the event of termination under this paragraph, all documents, data and reports prepared by the Contractor under the Contract shall become the property of and be delivered to BYS. The Contractor shall be entitled to receive just and equitable compensation for work in progress, work completed, and materials accepted before the effective date of the termination. Project completion is contingent upon E-Rate reimbursement.

Termination for Default. In addition to the rights reserved in the Uniform Terms and Conditions, BYS reserves the right to terminate the Contract in whole or in part due to the failure of the Contractor to comply with any term or condition of the Contract, to acquire and maintain all required insurance policies, bonds, licenses and permits, or to make satisfactory progress in performing the Contract. The Purchasing Manger shall provide written notice of the termination and the reasons for it to the Contractor.

Upon termination under this paragraph, all documents, data and reports prepared by the Contractor under the Contract shall become the property of and be delivered to BYS.

BYS may, upon termination of this Contract, procure, on terms and in the manner that it deems appropriate, materials and services to replace those under this Contract. The Contractor shall be liable to BYS for any excess costs incurred by BYS reproducing the materials or services.

Continuation of Performance through Termination. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

Contract Claims

All Contract claims and controversies under this Contract shall be resolved according to the Eligible Entities applicable state law(s).

Installation Locations Specifics

This Proposal Response outlines Butterfield Youth Services (BYS) requirements for a voice communications system.

The proposed voice communications system should support all required call processing, voice messaging, management and administrative features of the RFP. In addition, the proposed voice communications system should be capable of meeting the anticipated growth of BYS, without the need for major system cost (i.e. forklift upgrade).

BYS understands that the Request for Proposal is intended to provide a standard base from which to evaluate alternatives for communications systems and allows for flexibility in proposing the most appropriate and cost-effective system. Please understand that the acceptance of a proposal does not obligate BYS to purchase a system from any vendor. BYS reserves the right to reject all proposals and not make a decision. BYS understands that all costs for proposal preparation are the responsibility of the firm submitting the proposal and that after the receipt of the proposal and prior to signing the contract. BYS reserves the right to modify the system requirements by adding or deleting specific equipment or optional features.

BYS intends to award a contract to the vendor who submits the best overall proposal, price and other factors considered (see evaluation). BYS expects a turnkey solution, including delivery, installation, implementation, and successful completion of BYS acceptance testing on equipment and software, training, and documentation.

Key System Functions

IP-based Voice capabilities and Intelligent Network Infrastructure: The proposed solution may provide for the integration of voice applications utilizing a converged Internet Protocol (IP) solution. Unified Messaging options should be included. The solution should provide: a highly reliable and available switching system; a wide variety of interfaces to the PSTN and legacy TDM equipment; and a choice of analog or IP phones for endpoints including users, modems, fax machines, conference rooms, etc.

Reliability: The proposed solution should provide at least five-9's reliability.

Voice Quality: The proposed solution should provide for toll quality voice communications. The proposed solution should provide latency less than 35 milliseconds in one direction. QOS in support of the proposed solution should not require any infrastructure upgrades and separate VLAN's for voice and data.

Experience and Vision: The vendor should have a long history of building intelligent network infrastructures and implementing Internet technologies.

Support for Open System Standards: The proposed solution should utilize voice communication equipment which supports open system industry standards such as G.729, 802.1p and 802.1q, MGCP, SIP, RTP, TAPI, JTAPI, MAPI, QSIG, etc. All IP handsets recommended as part of the proposal response use the MGCP standard signaling protocol. Most of the system features should be available on analog sets. The proposed system should support and is certified to work with any Ethernet switch or router from any vendor.

Voice Messaging: The proposed solution should provide a scalable, cost-effective voice messaging solution that supports industry standards for both telephone and desktop access, and supports unified messaging with standard desktop email solutions such as Google Apps, Microsoft Outlook and multi-system voice mail networking using AMIS or SMDI.

System Administration: The proposed solution should provide a single point of management from any point on the network for all components including the PBX, voicemail, auto attendant, ACD and unified messaging. The proposed solution should provide for maximum flexibility for rapid, efficient, and cost-effective configuration changes to user profiles and IP telephone equipment through a standard browser-based interface.

Support/Service Capabilities: The Vendor should provide for remote serviceability and technical support of the entire system and applications.

Scalability: The proposed solution should provide for modular, cost-effective growth in both phones and applications over the next five years. Forklift upgrades should not be required under the proposed solution.

Simplicity of Installation: The proposed solution should provide GUI-based administrative tools for ease of installation and configuration. In addition, any future Moves, Adds, and Changes should be easily performed using the GUI interface. The solution should include a web-based project management tool for implementation planning.

Training and Usage: The proposed solution should provide for ease of use and intuitive user help features that make the system easy to learn and administer.

Training

Q-Describe the required or recommended training for system administrators and end users for the system including time required

Q-Does the bidder maintain a support call-in center for problems?

Q-Does the bidder provide on-site assistance if it is required?

Q-The vendor must submit three reference customers. Reference information must include company name, contact, telephone number and approximate size of system.

Requirements for BYS IP Voice Communications System

Q-Describe how the Solution delivers reliability for voice services including maintaining dial tone during WAN outages, failure of the system Windows based servers, and power outages.

Q-What happens in the event of a power failure?

Q-What happens in the event of a WAN failure?

Q-What happens in the event of PC failure?

Q-What monitoring capabilities are available onsite or remotely?

Q-Explain how the system will scale up to 30% additional user capacity and how additional sites are added to the system.

Desktop Call Management

Q-Describe the system's desktop call manager and the call control features supported from the user's desktop computer.

Q-Does the desktop call manager provide searching and dialing of the users configure contacts from standard desktop personal information managers such as Microsoft Outlook?

Q-Does the desktop call manager provide speed dialing of the user's configured frequently called numbers?

Q-Are the configured speed dial entries also available on the user's telephone?

Q-If emergency-911 municipal services are mandated for commercial systems, is your proposed system in compliance today? What is the longest identifiable distance?

System Administration

Q-Describe the system administration tool(s) available to provide integrated administration of the system across all locations.

Q-Does the system support Automated Software Update Distribution or have a Basic Maintenance Components to address Updates?

Q-Is the system administration application accessible from any workstation on the LAN/WAN?

Q-Is the system administration application accessed through a standard web browser?

Q-Can administration of multiple remote sites be done through a centralized workstation?

System Maintenance and Upgrades

Q-Explain the back-up procedures for the system configuration and information and how the administrator would reload the data if needed to restore a previous configuration?

Q-How are customers provided future software released? How are software upgrades performed?

Q-When system or station software updates are performed, must the system be shut down, or can these types of activities take place in an online environment?

Q-During a system upgrade, explain how each component of the system is upgraded including estimate total time for upgrade for the proposed system and the estimated time each service or component of off-line.

System Monitoring and Diagnostics

Q-Describe the diagnostic tools available for monitoring and maintaining the system's performance.

Q-What remote diagnostics are available? Can administrators see and access any alarms or alerts on the system from remote terminals?

Q-Is the voice mail application centralized at a single site or distributed across the different locations in the system?

Q-If a caller does not know a particular subscriber's extension number, can they "look up" the subscriber by "spelling" the name via touchtone input? Explain how the system would resolve the situation where one name has multiple entries (E.G., "Jones")?

Q-Does the voice mail system support a "zero out" to the attendant feature? Is this feature configurable by class of service? Can the "zero out" destination be a station rather than the attendant? If the "zero out" destination is busy, or rings unanswered, will the call be re-directed?

Q-Does the voice mail system support multiple greetings? If yes, describe all available greetings.

Q-Does the system support automatic remote notification and delivery of voice mail messages to users?

Voice Mail System – User Features

Q-Can system subscribers conduct the following actions:

- Play, pause and replay messages.
- Record responses and reply to voice mail messages.
- Record messages, send and mark "urgent" etc.
- Forward messages to other users and append them with their own comments.
- Manage voice mail from their personal computer or inside their email inbox.

BYS seeks a phone system. All existing telephones may be replaced with either equivalent new analog or IP phones that support basic telephony features. An employee should be able to log in anywhere on or off the company network (home phone or cell phone) and automatically receive calls without administrative intervention.

Scope of Work

Priority 1, Telecommunications Services (if existing service will not support the new phone system, please provide otoiptions for the correct service to make the phone system work):

Service or Function / Quantity and/or Capacity

Telephone Service: Local Telephone Service: Up to 25 POTs Lines Long Distance

Telephone Service: Switched LD for POTs Lines

Telephone Service: Toll Free Voice Service for 1 line incoming LD

Telephone Service: Up to 7 Local and LD T1s or PRI (fractional T1 considered)

Telephone Service: Up to 7 Dedicated LD service T1s or PRI (fractional T1 may be considered) Telephone Service: Up to 200 DIDs

Telephone Service: Interconnected VoIP

Priority 1, Internet Access (if existing service will not support the new phone system, please provide otoiptions for the correct service to make the phone system work):

Service or Function / Quantity and/or Capacity

Internet Access: DIA for up to 7 T1s (1.544Mbps) with optional Firewall Service

Internet Access: Interconnected VoIP

Priority 2 Internal Connections – Equipment

Internal Connections are components located at BYs's site that are necessary to transport information to classrooms and to eligible administrative areas or buildings. Internal Connections include connections within, between or among instructional buildings that comprise a school campus, but do not include services that extend beyond the school campus. Components at BYs's site are eligible only if they are an essential element in the transmission of information within the school. The components must be necessary to transport information all the way to individual classrooms. Internal Connections do not include services that extend across a public right of-way beyond the school.

Using the provided requirements, specifications, and other information as needed, BYs is looking for Service Provider(s) to supply:

1. Labor, materials, tools, equipment and services for the installation and use of equipment as requested.
2. Completely coordinate with work of all other trades.
3. Supplementary or miscellaneous items, appurtenances and devices incidental to or necessary for a sound, secure and complete installation, whether or not specifically indicated in the Specification Documents.
4. Cabling pathways between equipment and buildings as needed, including conduit and/or trenching.
5. Weekly status reports on work progress.

Type of Installation: New Equipment

Installation Timeframe: FY14 (2011-12)

Installation Required: Yes

Type of Procurement: Purchase - final approval may be based upon receipt of a positive Funding Commitment Decision Letter and, or the governing board's approval.

Data Distribution Components and Cabling:

- As required for Deployment, to include POE switching

All components, connectors, couplers, jacks, panels, raceways, conduit, faceplates, wire managers, and patch cables necessary to transport information, cables to interconnect components, modules, licenses, and cable system costs must be provided in the response.

Cable Plant:

- Locking Floormount or Wallmount Cabinets (of appropriate size for phone system, including data distribution components and data protection), accessible from front and rear to rack the phone system with Horizontal Cable Manager Systems and all installation supplies as needed
- Cost per drop to add a new Ethernet drop
- Cost per drop to rerun an Ethernet from an IDF/MDF to an existing mounted box

All components, connectors, couplers, jacks, panels, raceways, conduit, faceplates, wire managers, and patch cables necessary to transport information, cables to interconnect components, modules, licenses, and cable system costs must be provided in the response.

Data Protection Equipment:

- Rackmount Uninterruptible Power Supplies for phone system, E-mail Server, including data distribution components – sized accordingly to power requirements of phone system and data distribution components (minimum of 750VA).

All components, connectors, couplers, jacks, panels, raceways, conduit, faceplates, wire managers, and patch cables necessary to transport information, cables to interconnect components, modules, licenses, and cable system costs must be provided in the response.

Phone System:

- Phone System with all licenses and configuration manager to support up to 200 users at all locations
- Telephone system must have basic options like Auto Attendant and Voice Mail (to include voice mail storage)
- Telephone system should have an option for Integrated Messaging Services (Unified Messaging) for both Deskbound and Mobile users. If Integrated Messaging (Unified Messaging) is bundled into the solution and cannot be removed, please state as such. Note an E-mail server may be required (see below for suggested specifications).
 - Proposal may demonstrate interaction / compatibility with MS Exchange (or similar owner operated solution)
 - If MS Exchange (or similar owner operated solution) is proposed the phone system must include an option for normal E-Mail functionality, storage, and backup for up to 200 users (Hardware, Software, Licenses, and Basic Maintenance)
 - Proposal may demonstrate interaction / compatibility with Google Apps (or similar hosted solution)
- Phone System must support at least 1 switchboard
 - Note: All locations may not be equipped with a switchboard or multi button phone
- Option for IP/Analog/Digital conversion/gateway device to use with existing phones - if required
- Options for up to 200 phones, please include several options that demonstrate basic operation to full feature functionality
- Network coordinated dial plan and Location based 911 service
- Uninterruptible Power Supplies as required.
- Hybrid Systems are acceptable, so long as they are cost effective.
- Project Management, Engineering and Documentation as required.
- Training for System Operation and Maintenance at time of installation (minimum 16 hours on-site).
- Bundled Maintenance Agreement (8x5xNBD)
- Monthly Maintenance/Service Agreement Required on all eligible and proposed components: see below.

All components, connectors, couplers, jacks, panels, raceways, conduit, faceplates, wire managers, and patch cables necessary to transport information, cables to interconnect components, modules, licenses, and cable system costs must be provided in the response.

E-mail Server (for use with Unified Messaging) – If exact requirements cannot be met, please propose a device with similar functionality

The E-Mail System shall provide up to 10 years of storage for 200 active users

- Dual Quad Core Intel® Xeon® L5430, 2X6MB Cache, 2.6GHz, 1333MHz FSB
- Up to 16GB RAM 667MHz (2x8GB or 4x4GB) DIMMs
- Rack Chassis w/ sliding rails and cable management
- 2 integrated Raid 5 systems, or comparable design
- Up to 12 hotswappable (at least 6) Hard Drives: 500GB (7.2K RPM minimum)
- Operating System and E-mail software with all licensing must be included
- Options for back-up devices / solutions
- Bundled Maintenance Agreement (8x5xNBD)

All components, connectors, couplers, jacks, panels, raceways, conduit, faceplates, wire managers, and patch cables necessary to transport information, cables to interconnect components, modules, licenses, and cable system costs must be provided in the response.

Please include any proposed Shipping, Project Management, Engineering, Installation, Activation, Configuration and/or Documentation Costs on individual line items.

Please include optional Training for system operation and general maintenance at time of installation.

Priority 2 Internal Connections – Basic Maintenance

Internal Connections are components located at ICEF's site that are necessary to transport information to classrooms and to eligible administrative areas or buildings. Internal Connections include connections within, between or among instructional buildings that comprise a school campus, but do not include services that extend beyond the school campus. Components at ICEF's site are eligible only if they are an essential element in the transmission of information within the school. The components must be necessary to transport information all the way to individual classrooms. Internal Connections do not include services that extend across a public right-of-way beyond the school.

Basic maintenance services are defined as follows: "but for the maintenance at issue, the connection would not function and serve its intended purpose with the degree of reliability ordinarily provided in the marketplace to entities receiving such services without E-rate discounts." Please provide a Basic Maintenance Contract to perform the following tasks on the equipment listed below:

1. Repair and upkeep of eligible hardware
2. Wire and cable maintenance
3. Basic technical support
4. Configuration changes

Bidder's Basic Maintenance Agreement must contain the Location, Product, and Make / Model number of the equipment to be covered by the proposed Basic Maintenance Contract (note the table below). This table (or a similar table with like data) must be included in with the Bidder's Basic Maintenance Agreement:

Location Deployed	Product / Service to be Covered	Make/Model Number

Note: The above worksheet is available for download – please visit: http://adsadsi.com/rfp_year_14.shtml.

In the FCC's *Sixth Report and Order* ([FCC 10-175](#)), the FCC included the following information on unbundled warranties and Basic Maintenance of Internal Connections (BMIC):

- We find that an unbundled warranty is an ineligible BMIC service because it is purchased as a type of retainer and not as an actual maintenance service. That is, BMIC contracts that require an upfront payment and that payment is required regardless of whether any service is actually performed are not eligible.
- ...if applicants are able to estimate a certain number of hours per year for maintenance, based on the current life of their equipment and a history of needed repairs and upkeep, they may seek E-rate funds for upfront costs on service contracts designed to cover this estimate of repairs and upkeep. Reimbursements will be paid on the actual work performed and hours used only. For example, if a school determines it will need 30 service hours in a given year to maintain its internal connections but uses only 20 hours, the school will be reimbursed only for 20 hours even if they were approved for E-rate funds on 30 hours.

The *Sixth Report and Order* deems unbundled warranties ineligible for support beginning with FY2011. Applicants cannot simply cost-allocate out the ineligible portion because the Commission's rules do not allow applicants to receive support for services in a basic maintenance contract that contains both eligible and ineligible services. See paragraph 24 of the *Third Report and Order*, CC Docket No. 02-6, [FCC 03-323](#) (2003).

Software downloads, bug fixes, and access to a technical assistance center may be eligible.

Bundled warranties may be eligible for E-rate discounts.

For additional information on the changes to the eligibility of basic maintenance contracts and other changes to the E-rate program for FY2011, you can refer to the following documents:

- *Sixth Report and Order* ([FCC 10-175](#))
- Order [DA 10-2355](#), clarifying the eligibility of basic maintenance and the new E-rate gift rules adopted in the Sixth Report and Order
- Public Notice [DA 10-2356](#), providing further guidance to E-rate participants, listing effective dates of the proposals adopted in the Sixth Report and Order, and answering Frequently Asked Questions (FAQs).
- *Third Report and Order* ([FCC 03-323](#))

Please make sure any required Contracts or Statements of Work are authorized and included in your response.

Basic Maintenance for Proposed New Equipment:

Proposals for Basic Maintenance of new and existing equipment may be combined into one support document.

Maintenance Logs are required to be kept by the service provider and sent to school quarterly (please include a sample log).

Please note: The following products and services **are NOT eligible**:

1. On-site technical support (*i.e.*, contractor duty station at the applicant site) when off-site technical support can provide basic maintenance on an as-needed basis.
2. Services such as network management and 24-hour network monitoring.
3. Help desks that provide a comprehensive level of support beyond basic maintenance of only eligible components.
4. Technical support contracts that are more than basic maintenance.
5. End User Equipment (PCs and Phones).

Eligible basic maintenance does not include services to maintain ineligible equipment, to enhance the utility of equipment beyond the transport of information, or to provide diagnostic services in excess of those necessary to maintain the equipment's ability to transport information.

Required: Manufacturer Authorized Basic Maintenance for all proposed Equipment.

A block of hours for general Basic Maintenance on proposed Equipment and Cabling – 10 hours per month requested

Proposed agreements or contracts offered **must** specifically identify the eligible components covered, including location deployed, product name, and make/model number.

Provide options for 1 and 3 year contracts.

Proposed agreements or contracts offered **must** specifically identify the eligible equipment covered, including location deployed, product name, and make/model number.

Service Provider Instructions

Service Provider RFP Response Cover Sheet:

Service Provider must complete the Service Provider Authorized Response on the following page and include it as the first page of the Service Provider response. Bids submitted without a Service Provider Authorized Response Cover Sheet may not be evaluated.

In addition to the Service Provider Quote Cover Sheet, please include all relevant documentation to include, but not limited to: Scope of Work, Authorized Master Service Agreement, Detail Line Item Pricing, Taxes, Surcharges, and/or Maintenance Service Agreement, etc.

A proposed agreement or contract **must** specifically identify the eligible components covered, including product name, model number, and location.

Service Provider Evaluation:

Factor	Value (1-5)	Weight	Score
Price of the ELIGIBLE goods and Services		30%	0.00
Prior Experience		20%	0.00
Personnel and Management Qualifications and Capability		20%	0.00
Other Cost Factors (Ineligible Goods and Services)		20%	0.00

Note: The above worksheet is available for download – please visit: http://adsadsi.com/rfp_year_14.shtml.

Service Provider RFP Response:

Item 21s, by location or entity number, must be included with the Service Provider response. All Service Provider responses without Item 21 attachments shall be considered incomplete and NOT considered. A sample and interactive worksheet is attached on the next page. Make and Model Numbers must be included on the Item 21 Attachments for Eligible Products and Services. Eligible Products and Services must be clearly separated from any and all Ineligible Products and Services.

Successful Bidder shall provide a complete inventory upon project completion. All Invoices must cross reference the Inventory Documentation provided.

All bids must be submitted in sealed envelopes (appropriately marked) and sent via email to: BYS@adsadsi.com with the 470 Number in the subject line. Please submit bids in either Microsoft Office Format (.doc, .xls, etc.) or Adobe .pdf files. Facsimile, telegraphic or mailgram offer(s) shall be rejected and not considered.

By submitting a response, Service Provider Agrees to all Terms and Conditions contained within. If Service Provider's response is selected, Butterfield Youth Consortium shall award BY20100715105639 to Service Provider and authorize this cover page - creating a contract. If required, an authorized and dated Service Provider Contract is encouraged to be submitted with the Service Provider's response. All signatures MUST be original.

Service Provider Terms, Conditions and/or additional Contracts:

In order to be considered for award any and all terms, conditions and, or contracts required by the Service Provider must be signed, dated and submitted with the RFP Response.

All Priority 2 Basic Maintenance agreements or contracts must specifically identify the eligible components covered, including product name, model number, and location.

Invoicing the Universal Services Administrative Company (USAC):

The Service Provider will be responsible for invoicing USAC by using the Service Provider Invoice (SPI) methodology. Butterfield Youth Consortium shall be responsible for their share.

Contracts:

FCC rules require that an applicant sign a contract with the service provider before signing and submitting a completed *Services Ordered and Certification Form* (Form 471). Consequently, all Contracts, Statements, of Work, and/or Service Agreements must be submitted with this response with a handwritten signature and date. Countersigned documents may be provided after the Funding Commitment Decision Letters are issued by the Schools and Libraries Division of the Universal Services Administrative Company.
